

# Work Done in UX

By - Ashish Srivastava

# Work Summary

- Designed a **Mobile App** for the leading **Public Sector Bank of India (Canara Bank)** which is currently used by close to million of users in India. This app has all the banking features in a single app which includes **Mobile Banking, UPI, BBPS and Credit Card Payment**.
- Designed a UPI Application for **Janaseva And Cosmos Bank**. These app were similar to the UPI Application.
- Designed a **Smart Parking Application** which helps user to book a parking spot via app. It has the scan qr feature which help users to scan the QR and entered in the Parking premises. This application is currently used in Jaipur India.
- Designed a **Web based** portal related to **F&A Product** with Genpact. Main usage of the this application is to help end user in the Approval Process.
- Worked on the existing Web Based Portal to simplify the user experience based on the user feedbacks and competitive analysis.
- Worked on creating **Web based portal and Mobile App** of Mista Bazaar ( Online Grocery Startup).
