English, Cantonese, Mandarin, Hakka

## EXPERIENCE

2015-current    Consultant Head Chef (UK / Sweden)

2008-2015      Head Chef/Proprietor, Felix Yu (Northampton)

"Here we are in Northampton... and naturally it's Felix Yu that we've come to. I say naturally because many critics who have come to these parts seem to have tasted the best of his Cantonese wok.... If you closed your eyes for a taste test, you might not guess what you were eating... half the trick of Heston Blumenthal's more eccentric recipes, at a snip of the price." – Amol Rajan, The Independent

"This was a simply superb dining experience from start to finish, genuinely a cut above any Chinese restaurant we've eaten at in this county." – Northampton Chronicle & Echo

2005-2008      Executive Head Chef, Dragon Castle (London)

"A big new Chinese restaurant in South London that is the talk of the area... the food, when it comes, regardless of whether it's what you ordered, is fantastic. Absolutely fantastic. Look, this place is terrific. Absolutely terrific. Best Cantonese I've seen in ages." – Giles Coren, The Times

"Dragon Castle is one of the best Cantonese restaurants I have tried in London in a very long time. " – Jay Rayner, The Observer

“Dragon Castle has become one of the best Chinese restaurants in London, offering a wealth of skilfully crafted dishes that won’t break the bank – including many so authentic they’re not available elsewhere... For lovers of authentic Chinese cooking, this is one destination that definitely repays the journey.” – Time Out London

“Thinly sliced pork hock served cold with a dipping sauce was excellent... Egg-white rice with dried scallop is lovely - a very different kettle of fish from the usual egg-fried rice... obviously expert chefs who have yet to make compromises.” – Fay Maschler, Evening Standard

“Everything was ravishing... Dragon Palace is that rare thing in London: a genuine find.” – Marina O’Loughlin, Metro London

“The food is of the highest quality, featuring fresh ingredients, refined flavours & a variety of textures” – Square Meal

“It is always particularly galling when you finally pitch up at a restaurant, (one that you have been meaning to visit for a year or more), only to find that it is good. It's worse when it is very good indeed... It's a surprise just how good this restaurant [Dragon Castle] is. Really good food...even if it has taken me a little while to follow up on all those rave opening reviews.” – Charles Campion, Evening Standard
