

BRAD LEVER

Profile

A serial entrepreneur and dedicated husband and father I was provided the opportunity to start my career in film in 2015 in the Greens department where I quickly progressed from Greensperson to Department Coordinator. Through this time I have been able to build rapport with my colleagues, subordinates, superiors, and providers.

A proud member of the IATSE Union, local 891, I am a hard worker, creative, tenacious and industrious. Due to my previous experience in business, I understand the importance of communication and am inherently fiscally responsible.

Additionally, I have been able to develop exclusive relationships with forestry companies and Squamish Nation which provide me unmatched sanctioned access to ethically gather a wide range of vegetation, large and small.

Endorsements

"I greatly enjoyed working with Brad on two recent commercials. He has real passion, commitment and creativity in finding solutions for greens, and he and his team produced fantastic results, whilst working within our budget. He and his team work tremendously hard, and [he] is a great team player and communicator. I recommend him highly."

Richard Bridgland, Production Designer

"I have had the pleasure of working with Brad Lever for the past 2 years. Brad has been such a great resource for me when it comes to greens (and anything else I ever need help with!) He is always willing to help, no matter what the scenario and budget I have to work with. Brad has always come through for me, even when I've thrown last minute greens at him. He does a great job, comes in on budget and is a pleasure to work with. I highly recommend using Brad for any of your greens needs!"

Joe Carkner, Art Director

Bill LeBlanc
Production Designer/Art Director

May 9, 2018, Bill was a client of Brad's

I have recently had the pleasure of having Brad Lever take control of the greens department in my last few projects. In both endeavours Brad produced way over expectations while remaining true to the quote given to me. I would not hesitate to recommend Brad for any project needing greens.

Richard Stranan
Construction Coordinator at Art Tec Scenic Services Ltd

May 3, 2018, Richard managed Brad directly

After 2 seasons of having Brad as Head greens I have found him to be reliable, artistic and caring at his position. Would recommend him anytime

David Clarke
Art Director

April 30, 2018, David managed Brad directly

I've worked with Brad on both feature films and TV series, and found him to be courteous, professional, proactive, a good problem solver and a very hard worker. I would highly recommend Brad for any position that involves being a team player or manager; Brad thrives on being challenged.
