

Math Tutoring with JD Walters

Some helpful info

Availability:

Monday: between 4 and 6pm

Tuesday: between 4:30 and 6:30pm

Wednesday: between 4 and 6pm

Thursday: between 4 and 6pm

Friday: between 4 and 6pm

Note: the minimum session duration is one hour and the maximum duration is two hours. You may book sessions on a regular basis or as needed.

Communication:

Once you become a client I will provide my cell number and email and can be reached by both. During the day from 9 am on I will be quite responsive (reply within about 15 mins or so) but I have a hard stop at 8 pm (so any messages received after that will receive a reply the following day), and I am not available on weekends except for help with scheduling.

Subjects:

All middle and high school math including:

- Pre-Algebra
- Algebra 1
- Geometry
- Algebra 2
- Precalculus
- Calculus
- Integrated Math
- Statistics/Probability
- AP/ACT/SAT

Type of assistance:

Whatever you need! Direct instruction of new concepts, homework help, preparing for tests, going over tests, study skills, problem solving advice, etc.

Billing Policy:

The first session is free, so that we can both get a sense of fit. Thereafter, each session must be paid for **within twenty-four hours** of the session (so e.g. a session from 4-5pm would have to be paid for by 5 pm the following day). If payment for a previous session is not received, no new sessions can be booked.

Cancellation Policy:

I require an hour's notice to cancel a remote tutoring session and two hours' notice to cancel an in-person session. I will abide by the same policy if I need to cancel on my end.
