

JOHNS HOPKINS UNIVERSITY

March 18, 2026

Mitchell Millard | Applicant ID: 238314310

Dear Mitchell,

Congratulations! You have been admitted to Johns Hopkins University—a place where firsts lead you forward.

We're excited to welcome you to our community of scholars at this historic moment, as we celebrate our 150th anniversary. Over the next four years, you'll have the opportunity to engage with new perspectives, contribute to some of the most important conversations of our time, and thrive within a community fueled by the next great pursuit of knowledge.

"Our simple aim is to make scholars, strong, bright, useful, and true."

The words of Daniel Coit Gilman, the first president of the university, continue to define the Hopkins community as one that works together to make real and meaningful impact on causes that matter.

Your time at Hopkins will be shaped by all of the first steps you take, the connections you pursue, and the relationships you build. As a Blue Jay, you will explore what you care about most, meet your next best friends, and be part of a community that's so glad you're here.

At Hopkins, you'll have the flexibility and resources to turn your biggest questions into answers, and the network of the leading research university to support you at each step of your journey.

Congratulations once again—and welcome to Hopkins! We know this is just the beginning, and we look forward to the questions you will ask, the discoveries you will make, and the lasting impact you will have on our community and the world around you.

Sincerely,

CALVIN WISE III

Dear Mitchell,

Congratulations! On behalf of the admission committee, it is my pleasure to offer you admission to the Rice University Class of 2030.

Admission has been offered only to a select few, like you, whose scholastic accomplishments and contributions to school, community and family were significant. The personal and intellectual achievements which led to your acceptance are impressive.

Your time at Rice will be marked by our commitment to providing the finest in teaching and educational resources. You will have the opportunity to connect with professors who are experts in their fields and the chance to take advantage of research programs and extracurricular activities. The Residential College system will facilitate interaction with a wide variety of students, faculty and administrators. Your years at Rice will be a period of growth that will serve you throughout your lifetime.

To secure your place in the Class of 2030, submit your \$500 enrollment deposit by **May 1, 2026**. Payment should be made through your Rice Admission Student Portal at riceadmission.rice.edu/apply/status. You must also send official score reports for any tests listed under *Official Scores Needed* on the *Test Scores* tab of your Rice Admission Student Portal by **May 8, 2026**.

Your admission to Rice is contingent upon the continuation of your high level of academic achievement and personal conduct that led to your acceptance. Misconduct of any sort or a decline in academic performance prior to your matriculation at Rice may be grounds to rescind your offer of admission. Any modification to the course schedule you put forth in your application must be approved in advance by the Office of Admission. To complete your enrollment, we must receive an official final transcript from your high school. Please ask your counselor to forward this information to us as soon as it is available.

We believe your presence will enrich the Rice community, and we look forward to welcoming you this fall. If we can be of further assistance, do not hesitate to let us know.

Sincerely,

Dear Mitchell,

Congratulations on your admission to Carolina! You've earned your place in Chapel Hill, and we're so excited to welcome you to the Carolina community.

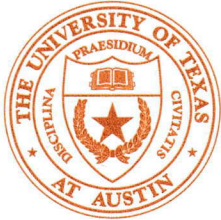

We see qualities in you that truly distinguish Carolina students — intelligence, curiosity, kindness, and a desire to learn from others with perspectives different from your own. With your great potential, we know you'll make an impact at any university you choose to attend. We hope you'll choose Carolina, where you'll be surrounded by incredible students and professors who will delight in your success and become better because they know you.

Here, you'll discover opportunities that you won't find anywhere else with more than 80 academic majors and minors, 1,000 student organizations, as well as countless research, study abroad, and internship opportunities. Regardless of which interests you pursue, you'll find a community that will inspire and support you. When you leave Carolina, you'll be well-positioned for the future you want, and you'll become part of a network of nearly 370,000 alumni, enthusiastic to help you succeed.

Again, congratulations. We're honored to share this exciting news with you, and we can't wait to welcome you to Carolina!

Sincerely,

Jared Rosenberg

Dear Mitchell,

Congratulations! It is my pleasure to inform you that you have been admitted to The University of Texas at Austin and the Biomedical Engineering major in the Cockrell School of Engineering. Your dedication to excellence—inside and outside the classroom—has prepared you to thrive at UT, and we are thrilled to admit you to the Class of 2030.

At UT, we change the world by preparing our students for the challenges and opportunities of tomorrow. Here, you will be supported by a community of scholars who will embolden you to take risks and pursue your dreams in an environment with a storied history of leadership, groundbreaking research and impactful contributions to society.

Mitchell, I invite you to visit admissions.utexas.edu/enroll to explore your next steps or log in to MyStatus to accept your offer of admission at admissions.utexas.edu/mystatus.

Again, congratulations on your admission! I look forward to welcoming you as a member of our Longhorn community in the fall.

Dear Mitchell,

Congratulations! The Purdue University Admissions Committee is pleased to offer you admission to Engineering (First-Year) in the College of Engineering at Purdue University in West Lafayette for Fall 2026. I encourage you to log into your application portal at purdue.link/portal to view your official offer of admission and details on the next steps.

You have also been offered admission to the John Martinson Honors College. At the university's only academic residential college, Honors College students live and learn in the same place. Additional information about the Honors College is available at purdue.link/honors-admitted.

Visit purdue.link/boilermaker for important dates and deadlines. One of the first steps in your journey to Purdue is to activate your online student career account. To activate your account, log into your application portal, click the 'Set Up Your Student Career Account' button, and follow the prompts. With this account, you'll gain access to your @purdue.edu email and online student portal, myPurdue, through which you will conduct most of your business with Purdue, including accepting your offer and viewing your financial aid notification.

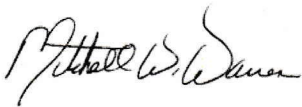

If you have submitted a FAFSA, you will view your financial aid notification online through myPurdue. Beginning in mid-March, financial aid notifications are released on a rolling basis, and you will receive an email with viewing instructions when yours becomes available.

If you are a student with a disability seeking accommodations, visit purdue.edu/drc for more information or contact the Disability Resource Center at (765) 494-1247 or drc@purdue.edu.

Please keep in mind that all Purdue offers of admission are contingent, based upon the expectation that students will uphold the academic and personal conduct standards upon which they were admitted. The University reserves the right to rescind an offer of admission if an individual's circumstances warrant that decision.

Welcome to the Boilermaker community — we are here to support you every step of the way as you pursue your next giant leap. If you have any questions now or at any point during your transition to Purdue, don't hesitate to contact the Office of Admissions.

Sincerely,

Mitchell W. Warren

TULANE UNIVERSITY

December 29, 2025

Dear Mitchell,

On behalf of the admission committee and the entire university community, it is my honor and privilege to offer you admission to Tulane University. Congratulations!

Established as a medical school in 1834, Tulane has grown to become one of the most influential universities in the United States, in one of the most unique cities in the world – New Orleans. We are one of just 33 private universities in North America to comprise the prestigious Association of American Universities and we invite you to join this community of scholars by beginning your academic journey in Newcomb-Tulane College, the home of our undergraduates.

Your invitation comes with immediate admission to each of our undergraduate schools: the School of Architecture & Built Environment; the Freeman School of Business; the School of Liberal Arts; the Weatherhead School of Public Health & Tropical Medicine; and the School of Science & Engineering. We expect that you will take full advantage of our 75+ academic programs through majors, minors, and combined degree programs.

Lastly, your admission to Tulane is an extraordinary achievement of which you should be proud. New Orleans is a city of joie de vivre, so I am hopeful that you take the time to celebrate this achievement with the family, friends, and people in your life who have supported you thus far. At the very least, I am hopeful you save this letter for years to come. Trust me that it will bring you great joy to recall what you accomplished on this day.

I look forward to welcoming you to your new home on St. Charles Avenue.

Sincerely,

Shawn L. Abbott
Dean of Admission

Dear Mitchell,

You did it!

On behalf of the Admissions Committee, welcome to the Rose-Hulman Institute of Technology Class of 2030.

It provides me great pleasure to extend this offer of admission and invite you to a rich and diverse legacy of engaged learners, discoverers, entrepreneurs, and developers. Your admission reflects our confidence you will add to this history of achievement. It has been this combination of strong intellect and high motivation that has placed our graduates in industry's leading corporations and higher education's best graduate schools.

Your application for admission to Rose-Hulman presented a commitment and passion for the sciences, math, and engineering. With your acquired skill and knowledge, I encourage you to accept this offer to grow within an environment that is boldly committed to the success of our undergraduate students. At the same time, I challenge you to be an active learner - engaged in shaping your own educational experience and supporting the accomplishments of others.

You have also been recognized with a merit scholarship. A letter from Financial Aid is included with this information. To secure your position in the class, you must first accept your admission in your applicant portal. After this step, you will receive instructions on how to submit your non-refundable deposit by the May 1st National College Decision Day.

Congratulations!

Best regards,

Lisa Norton
Dean of Admissions

Congratulations, Mitchell!

I am pleased to inform you that you have been admitted to the University of Michigan Stephen M. Ross School of Business class entering fall 2026. Your admission into the Integrated Business and Engineering at Michigan program will allow you to dually pursue a BBA from the Ross School of Business and a BS from the College of Engineering. You have also been granted advance selection to the Computer Science (CS) major, should you wish to declare it.

We are thrilled to welcome you into a vibrant, lifelong academic community of scholars and alumni who are making a difference everywhere in the world. Once you become a Wolverine, you will always be distinguished by this achievement.

Your academic and personal successes are excellent preparation for the exciting challenges of university life. The University of Michigan offers you abundant opportunities to learn and share your intellect, creativity, discipline, and individual perspective. The value of a Michigan education comes from a distinguished faculty, world-class resources, inspiring peers, an endless variety of educational opportunities, and **YOU**.

Respond to your admissions offer in Enrollment Connect (enrollmentconnect.umich.edu/portal/appstatus) no later than May 1, 2026 at 11:59 p.m. Eastern Time. On behalf of the entire University of Michigan community, I applaud your impressive scholastic achievement and look forward to welcoming you, **Mitchell**, to the Michigan family of the Leaders and Best.

Sincerely,

A handwritten signature in black ink that reads "Erica L. Sanders".

January 7, 2026

Dear Mitchell,

Congratulations! We are excited to offer you fall 2026 admission to the Bachelor of Business Administration (BBA) Program at the Stephen M. Ross School of Business. On behalf of Dean Karen A. Thole, Dean Sharon F. Matusik, our faculty, and our staff, welcome to Michigan Ross! You've already accomplished great things, and we look forward to being a part of your achievements to come.

As a first-year student at Michigan Ross, you will enroll in *BA 100: Introduction to Ross: Foundations in Learning Business* in the fall term and have a current BBA student as a peer mentor. Additionally, there will be special welcome activities for you prior to the start of classes for you to learn more about what to expect during your first year.

In the winter term, you'll get your first taste of what it is like to be a practicing engineer when you enroll in Engineering 100 (ENGR 100), a project-based course that simulates a real-world engineering environment. You will have opportunities to develop deep technical knowledge, participate in hands-on experiences, and exercise the skills needed to lead in an evolving, technology-driven world.

More information on the welcome activities, your course schedule, and other resources will be given to you over the summer during orientation. Detailed information on next steps can be found within the Michigan Ross Admitted Student Guide:

michiganross.umich.edu/admit-guide/bba-first-year

Congratulations, again! We look forward to welcoming you to the Michigan Ross community!

Go Blue!

UMID: 43451652

4 March 2026

Dear Mitchell,

Congratulations!

It is with great pleasure that I inform you of your selection as a recipient of the College of Engineering Scholarship of Honor at the University of Michigan. Your outstanding academic achievements, leadership qualities, and contributions to your community have distinguished you as an exemplary candidate for this honor. We are thrilled to recognize your hard work and potential with this scholarship, which is valued at \$10,000.00 for four years at a total award value of \$40,000.

The Engineering Scholarship of Honor is granted for four years (eight terms) of undergraduate study or upon graduation, whichever occurs first. To maintain this prestigious scholarship, you must meet the following requirements:

1. Academic Performance: You must maintain a minimum cumulative GPA of 3.0.
2. Full-Time Enrollment: You must be enrolled as a full-time student in the College of Engineering and declare an engineering major by the end of your first year.
3. Engagement: If your scholarship is supported by active donor funds, you will be asked to send a thank you to the donor(s) on an annual basis. Pending academic demands, you will be expected to attend campus events where your donor will be present. We will notify you when/if these items are appropriate.

At the University of Michigan College of Engineering, we are committed to fostering an environment of excellence, innovation, and inclusivity. Our faculty are leaders in their fields, conducting pioneering research that addresses some of the world's most pressing challenges. We believe that you have the potential to thrive in this vibrant and intellectually stimulating community. Here's why the University of Michigan College of Engineering is the ideal place for you:

- World-Class Faculty: Learn from and work with renowned professors who are committed to your educational and professional growth.
- Cutting-Edge Research: Engage in innovative research opportunities across and between engineering disciplines.
- Outstanding Resources: Take advantage of our extensive resources, including academic support, wide-ranging involvement opportunities, and comprehensive career services.
- Collaborative Environment: Be part of a diverse and dynamic engineering community that encourages collaboration and the exchange of ideas.
- Global Network: Join a vast network of alumni who are leaders in industry, academia, and beyond, facilitating invaluable connections and opportunities.

Choosing the University of Michigan College of Engineering means becoming part of a tradition of excellence that dates back over 150 years. We are confident that you will find both the challenges and support needed to reach your highest aspirations here.

Please follow the instructions below to electronically accept/decline your scholarship by 1 May 2026:

1. Click this form link or type the address into your browser: <https://signnow.com/s/agGUKtJl>
2. Click the "I Consent" button to agree to sign electronically
3. Check the appropriate box to "accept" or "decline"
4. Electronically sign and date to corresponding line
5. Type your Name and UMID at the bottom
6. Click "Finish" or "Done"

Do not hesitate to contact the Engineering Scholarship Office (734-647-7113, or coe.scholarships@umich.edu) if you have questions or if we can assist you in any way. We are excited about you joining our Wolverine community and look forward to the unique perspectives you will bring. Once again, congratulations on your well-deserved scholarship! We hope that you will decide to embark on your engineering journey with us and become a part of the legacy of the University of Michigan College of Engineering.

Sincerely,

Taryn Colangelo, Director of Scholarships
Office of Student Affairs College of Engineering
143 Chrysler Center | 2121 Bonisteel Boulevard
Ann Arbor, MI 48109-2102
